Luna the orphan

Hi I am Luna and I am nine years old. I was given a month in the orphanage. It is not always bad here in the orphanage, if not for the teacher, Mrs rabbit small weirs, she is very strict and cold to me. I sometimes have the feeling that they have always come to me so strictly. Why I don't know, maybe I remind you of someone from your family.

Today, Mrs. rabbit, small, time, a night shift, I was a little afraid of her, because I know that you will make me vaccinate again. I'm being punished for a thing I made, just because you need a scapegoat.

My group and I have today, table staff, since we need to cover the tables. After dinner, we need to win again, even perform the dishes.

As we are so when you Stock up, Mrs rabbit small to me and says that she wants to talk to me like once, when we're performed.

After we are performed, with the Stock up I'm going to see Mrs rabbit Klein to the office. Since you are sitting at your Desk.

She says to me:

"Please sit down, I'll be there for you."

When she is finished, she looks at me, she looked at me and says:

"Today, a nice couple was in the home and has seen you, you want to get to know you."

You want to come back tomorrow and have some time to spend with you, you have to behave well. If you want a family. In our home, don't shame.

But now you can go back to work.

I leave the office, was still lost in my thoughts, as my girlfriend spoke to me. Where did you get that, I've been looking for you everywhere. I was at Mrs. rabbit Klein in the office, because she wanted to speak with me.

"What she wanted from you?" want to know my girlfriend.

"Oh, you know, I just want to say that a married couple was there. To get to know me better!", I say to her.

"What's that, you a family can to get?"

"And what of me? She has also said what about me?", ask me my friend.

"No you didn't, but I'm going to try that, you can also with in this family! I promise you, just don't be disappointed if it doesn't work out!", back I say.

"It is enough, if you try it, since I'm already calm!", my friend says, smiling.

Then we go into the dining-room, where the other children are already waiting, that there is food. We hurry to bring the food to the tables.

We also advocate and wife Bunny small is the food free, it nods to me. At dinner, we are not allowed to talk. The more I look forward, if we are allowed to talk after eat again and perform our job.

We are just about finished, as a woman, rabbit Klein comes into the kitchen and says to me:

"Can I get you to, once again, Luna speak?"

You never called my given name, this is the first Time, it surprised me.

"Mrs. rabbit, small, what have I done wrong?", I want to know about it.

"Nothing you've performed wrong, but we have to talk about it tomorrow on the stage.", Mrs rabbit Klein tells me.

She continues to say:

"In the morning you go to school, then you're going to come in here now and going to wear your prettiest dress. You are going to be against 15:00 clock there, and I want you to be there already."

Then she asks me, still the question:

"Are we clear? And you not behave good standing!", she warns me still.

The Next Morning was different somehow, as otherwise all looked at me. As I would look different. My girlfriend and I go to school, there was a bigger girl speaks to me. She is also with us in the home.

"Is it true, that you, today, visit, get, a couple the better want to meet?"

I knew immediately that my girlfriend can't keep her mouth shut, which annoyed me a bit, but so it was.

"Yes, that's right!", I must admit, because it was the truth.

School is back and I'm immediately on the path to home, take a shower, put on the most beautiful dress and waiting to get me.

I look at the large clock on the wall, it shows 14,50 watch. I'm getting very nervous and nervous, have a bit of a fear of what is waiting for me. The door opens at once, as Mrs churchyard is:

"Luna, will you come, please?", she asks.

I stand up, I notice that I'm all wet hands.

"Mrs churchyard, I'm going to just wash your hands!", then I'll be right down.

"Well, we'll see you downstairs!"

I walk down slowly the stairs, as they are all and I get weak in the knees.

The woman says to me:

"You must be Luna, it's nice to meet you closer! I hope today we will have very much fun together!"

"Before we make our way, I would like to submit us for the first time! My Name is Katharina from the burrow, and the man at my side is Anton from the burrow."

"We want to go now and enjoy ourselves, but we can also make something which you like!", she says to continue.

"I have a question, Ms. burrow!", and the weirs.

"Can I bring my girlfriend?"

"Actually, we want to meet you!", she responds to.

"Please, this is my greatest desire!"

"Well, give her a holler!", she says with a friendly Smile.

I run up, say to my girlfriend:

"To pull you, you're coming with me, so like I promised! I hope they take you in their family!"

We will go together down again. Then we make up all of us on the way.

Catherine asks:

"What we want to do now?"

I say:

"It doesn't matter, the main thing is we learn all of us know!"

Anton suggests we go eat some ice cream and then to the Zoo.

My friend Sara and I are immediately impressed, Anton and Katharina smile, well, then we will make it so.

When we are performed with the ice cream, we make our way to the Zoo.

Unfortunately, the time passes much too quickly and we have to go back to the home. Anton and Katharina in the office for a new appointment, but this Time you want to both of us.

They wanted us over a whole weekend, so that you can get to know us even better and we can have a lot more fun.

We can't wait for the time and look forward. However, time just will not pass.

In the evening Mrs Bunny comes to small to me and wants to know how it is expired and whether I behaved well.

"Yes it all went great and you want to me once over a whole weekend in have!"

It seems that Ms. churchyard has not said that my girlfriend was invited. Then it is finally so far, and the couple comes to pick us up.

We look forward to seeing you and let them also say.

Sara thinks this is the best time that you have and hopefully we'll convince you so that you will definitely take both.

I was just afraid that you will be disappointed if it is, we take only Luna. But I am also pleased, if you would only take Sara, because she has also earned a home.

As is so often the time goes too quickly. We were back in the home, day after day, night after night,

it's a whole month goes by. As a woman in the churchyard and Mrs Bunny small in front of both of us and say:

“Both of you please come to the office, we want to talk with you!”

Go ahead and we afterward, we talked about the worst of it.

None of the both of us still has a thought of the very nice married couple. But it should change, as we come down to the office, because that is where you are sitting and waiting for us.

Mrs churchyard says:

“Only the cute married couple is here to get you both home.”

Please leave your things to pack and then coming back down.

As we arrive at the top, there are two big girls, they grab us and draw us into a side room, where they lock us in. You say:

“You don't leave the home, just as we are, you're locked up here and not dare to scream!”

Then the two left us, we have great fear, because we do not know what you will perform with us.

Sara begins to cry, because she was looking forward to it, to get parents but also I'm Worried how it will go. It will be very late, as the door opens, the two girls come in and bring us something to eat.

Sara asks a girl how long you want to us the a locked.

The big girl replies:

“As long as it takes, that nobody is looking for you!”

I say to the girl:

“You can't lock us up, just because you manage to get a family, and we can't help it that you want to us and not one of you!”

You go back, close the door, we are alone, so alone. Then we take our food.

After an eternity, the door was open, but no one comes in, we stand up and go to the door. We open, stuck our heads, because no one is. Then, we race so fast, it goes down to the office because Mrs churchyard sits, we knocked and walk in.

“Where were you?” Mrs churchyard asks.

Then we see her serious face as she says:

“All have been looking for you!”

Then we begin to tell her what happened, and tell her which girl it was, she then said:

“We want to let the girls into the office.”

She sends another teacher in the room of the girls and allows you to get.

As you all arrive down in the office, will see the girl, pale as us.

Mrs churchyard speaks to you directly and wants to know whether the something is what you told her. You start to stutter, and then you say it goes:

“No, the thing is nothing in it!”

But Mrs churchyard is nothing to say that she believes the two at all.

“You can go back to your beds!”, she says.

As the girls left the office, she says:

“And tomorrow you go to school, after school, I'll bring both of you immediately to the cute couple, because you already know!”

“Who else is with you in the room?”, she asks us.

“No one except both of us!”, we have the answer.

“Well, then, you will brought now high and you will get exceptionally the key of your room, not you, so what happens, once again, to school and back, you get a companion!”

“I wish you a good night, everything else I take care of me!” Mrs churchyard said to us.

Our companion wants to know from us what's going on, only we are not allowed to talk about it and that's why we say nothing about it.

Well, if you want to say anything, then you need to say anything. We arrive at our room, our companion to see if someone is in there. When he sees that the room is empty, he goes out, gives us a sign that we can get in.

Hardly in the room we shut the door and close it as well. Our window we make, so there is also no one can climb.
