## **"How to... Become a Saint"**

**Based on a true story**

### **Pro-logos**

Hi there... I'm Saint Johnny Walker,  
(SJW) the author;

And YES, I am a REAL Saint; at least that is what people around my life address  
me as;

The story in this book is one of a young man, (me) an ordinary person, who  
knew nothing more than any other person of his age, a young man who in his  
life knew only how to cook for a living and knew only the odd pint every other  
day

for his entertainment; but one day, an ordinary day in the middle of November,  
something out of the ordinary occurred;

And that something turned his life around; he tried his luck in winning a free  
winter holiday, and of course he  
thought his luck had indeed changed  
when he was informed of the good news;

Little did he know at the time that  
from that day his entire life will  
change; little did he know or even  
imagine what an adventure was actually  
awaited him; little did he know that he  
was headed for... "THE" ultimate disaster at first; little did he know he was to  
go through "hell" and back and not just the once.

I know it's a bit of a tall order for  
anyone to understand straight away, but  
reading the story, one would get there;

This is a true story of a young man  
who, though not really a religious  
person became a Saint;

Yes... "A living Saint" and without 4

realizing it at first, perform miracles, and in doing so, suffered enormously physically and mentally every time; in fact in doing all these miracles, cost him his life a couple of times, but he managed to “come back” and yes, I do explain “how” and of course, how he got that somewhat famous name;

This is a story of “Saint Johnny Walker”

**Please note: although this is a true story, the names of people and locations were changed, to;**

**Shall we say...?**

**“Protect the innocent”**
